Iraq

29 October 2024

Your Ref: Contract received 29 October 2024

Our Ref: MSSG/ALW

Dear Lloyd,

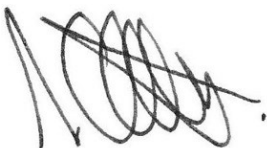

Al-Waha Security Service Company Limited - Engagement of Certification of Management System to ISO 18788:2015 certification with ISO 9001:2015 and ANSI/ASIS PSC.1-2022

I am pleased to confirm that Al-Waha Security Service Company Limited have re-engaged the services of MSS Global, the sector leading internationally¹ accredited Certification Body, to support certification of your management system against the demands of ISO 18788, ISO 9001 and ANSI/ASIS PSC.1.

Our support will start with helping your gap analysis and understanding of the standards through our SureStart Approach, and then progress to the formal audit process to verify effective implementation of your management controls against internationally recognized best practice, as defined in the standards themselves. We expect the first stage of the assessment to begin within 3 months, and completion of the process within 6 months, if not sooner.

I am content for your clients or interested parties to approach me direct should they require further clarification.

Yours sincerely,

A P CHATTIN
Director
MSS Global Ltd
